ASQ Statistics Division's Electronic Quick Information News Source

Discussion Boards

The Statistics Division currently hosts five discussion boards. These are new to the web site and are very easy to use. A short registration process for your first time and then the establishment of a user ID and password.

The discussion boards cover topics concerning the web site and current statistical topics. They are listed below:

[ASQ Statistics Division "I Need Help" Board](#)

Use this forum to ask any questions regarding the ASQ Statistics organization or this website

[Basic Statistics](#)

Discuss basic statistics tools like hypothesis testing, Signal to noise ratios, t-tests, chi-square, ANOVA, regression, graphical tools like histograms, cause and effect, pareto, run charts, control charts, scatter plots, etc.

[Process Capability Studies](#)

Discuss the issues and questions around designing and analyzing process capability studies, and the metrics.

[Designed Experiments](#)

Discuss issues relating to the design and analysis of factorial and other experiments

[Six Sigma](#)

Discuss basic statistics tools like hypothesis testing, Signal to noise ratios, t-tests, chi-square, ANOVA, regression, graphical tools like histograms, cause and effect, pareto, run charts, control charts, scatter plots, etc.

The owner of ASQ Statistics Division Discussion Boards does not verify or guarantee the accuracy of any messages posted to ASQ Statistics Division Discussion Boards. All messages are the opinion of the message authors, not of the owner of ASQ Statistics Division Discussion Boards.

Anti-Spam Policy

When you sign up for ASQ Statistics Division Discussion Boards, you must supply a valid email address. You have the option to hide this email address from public viewing by using the "Edit Profile" menu option. We do not give or sell email addresses that are used to register for ASQ Statistics Division Discussion Boards to other parties.

Welcome to the fourth issue of the ASQ Statistics Division's E-Zine. Our E-Zine will be a quick source of current news emailed to you monthly or whenever up-to-date news is available. We hope this to be an important member service providing timely information to help keep you employable. The mailing list will initially be Stat Division members who have opted in to receive division publications.
